

WARSONS

DEATH TO ALL

SONS OF WAR

Kill Kill Kill – Till there is no blood left to spill
Rise Rise Rise – Like death from the sky
The true metal gods – Command you to war
The true metal gods – Command you here in this hall

You belong to the sons of war – You belong to the Elite Force
You belong to the sons of war – You are the metal law

Fight Fight Fight – March with us side by side
Reign Reign Reign – Slay the posers, scream our name
The true metal gods – Command you to war
The true metal gods – Command you here in this hall

Hail! Hail! Hail to the war!
Hail! Hail! Here in this hall!
Hail! Hail! Hail to the war!
Hail! Hail! Posers shall fall!

Wall of death is pussyclash – Bang your heads until you're dead
Circle pit is non Metal – March with us into brutal battle
Hold your old school banners high – Never listen to their lies
True Metalwarriors reign – March with us into a bloody game

Hail! Hail! Hail to the war!
Hail! Hail! Here in this hall!
Hail! Hail! Hail to the war!
Hail! Hail! Posers shall fall!

You belong to the sons of war – You belong to the Elite Force
You belong to the sons of war – You are the metal law

HEAVY
VOCALS

D.T.A. #1

Death to all posers – Who aren't ready tonight
Death to all traitors – To those who're afraid to fight
Death to those bastards – Who're carrying my hateful wrath
And death to all pussies – Drope a turned on toaster in their bath

Death to all ...

Death to all posers – Who can't confirm in sight
Death to all traitors – They just follow their lies like blind
Death to those bastards – Who would never play a fair game
And death to all pussies – Welcome to your own hall of shame

Death to all ...

Posers! Posers! Posers! Shall die!
Posers! Posers! Posers! Tonight!

They're right infectious and they breed
They get drunk and got peed

Death to all posers – Who never will stay by my side
Death to all traitors – They never choose what's wrong or right
Death to those bastards – Who are riding on a plastic pride
And death to all pussies – Whose assholes never can stay tight

Music by Kanth, Linke, Reese, Rombi | Lyrics: Kanth

DOCTOR BURN
BASS/BACKINGS

DEATH AND DESTRUCTION

The hunger for might – The feeling of greed
The circle of hate – Is human's fate
We haven't learned – The war will return – Return

Death and destruction – Death and destruction

Our progress of greed – Let mother earth bleed
We're all guilty – We destroy our only home
For our consume

Humankind not worth to live on this earth
We have no respect – Nature strikes back

Death and destruction – We're all guilty
We're inhumanity
Death and destruction
We're all guilty – We're inhumanity

The decay will begin – Now we pay for our sins
Mother strikes back – Soon we're all dead
There is no return – This planet will burn
Will burn

Death and destruction – We're all guilty
We're inhumanity
Death and destruction
We're all guilty – We're inhumanity
Now you cry – What have we done
Now it's too late – All live is gone

DON AXE
GUITARS/BACKINGS

FATHER TO GOD

Get in!

Find the truth, hold it, grab it
Place it right into your head
Let it work, so let it reign
Your mind is fading, alive undead

So pray! Every day! Every pray! Words betray!
So pray! Every day! Anyway! Words decay!

Protecting it! Jesus saves you!
Your brain is rotten and melts to shit
Your soul will shine in heaven?
Believing that, you'll just quit

You told me some shit about what to do
I asked for nothing, even for you!
You gave me nothing, this love is to rot!
Who'd even called you father to god?

You told me some shit about what to do
I asked for nothing, even for you!
Who gave you knowledge, who told you so?
About the future and which way to go
Who gave you knowledge, who told you so?
Who made you teaching about this world below?
You gave me nothing, this love is to rot!
Who'd even called you father to god?

God think!

God think! A mindfuck can be awful!
God think! A mindfuck can be nice!

Think!

LORD CUNT
DRUMS/BACKINGS

BOUNDED HATE

Attack is before you - An evil roar
Now brothers - Raise your swords
March out through the gates - Bring em evil fate

Troops of death - Bring the end
Troops of death - Destroy the lands
Murder and rape - No one will escape

Bounded Hate - Terror Attack - No turning back
Bounded Hate - Violent Squad - Return of the warlords

Lords of war - Evil rising
An endless dying
Let em feel our swords
Enemies dying to our feet
We laugh - They bleed

Bounded Hate - Terror Attack - No turning back
Bounded Hate - Violent Squad - Return of the warlords

Nothing will left
Bounded Hate - The final death
The massacre will not end
This is the violence of the damned
The ultimate judgement

Bounded Hate - Terror Attack - No turning back
Bounded Hate - Violent Squad - Return of the warlords
Bounded Hate - The wrath of the obsessed
The hourglass is through
Bounded Hate - Total Death
Brings war to you
